The **premium tax credit** is an advanceable, refundable **tax credit** designed to help eligible individuals and families with low or moderate income afford health insurance purchased through the Health Insurance Marketplace, also known as the Exchange, beginning in 2014.

**Cost Sharing Reduction** – A discount that lowers the amount you have to pay out-of-pocket for deductibles, coinsurance, and copayments. You also have a lower out-of-pocket maximum. You can get these savings if your income is between 100% - 250% FPL, and only if you choose a health plan from the Silver plan category.
